

Archie Robertson

archie@robertsons.com | 07495 791 527 | Aberdeen, Scotland

Profile

- Third-year Economics student at St. Andrews with a good grounding in economic theory, statistics, and financial mathematics.
- Pick up technical tools quickly — have used Python, Java, and $\text{\LaTeX}$ throughout my degree.
- Four years of youth coaching and hospitality work over summers have driven me to work well in a team and stay organised when it gets busy.

Education

BSc Economics

University of St. Andrews, Scotland

Sep 2022 – Present (Expected Jun 2027)

- Modules include Microeconomics, Macroeconomics, Statistics, and Mathematics for Economics.
- Also completed modules in Object-Oriented Programming and Unix-Based Systems alongside the core economics curriculum.

Scottish Highers

Cults Academy, Aberdeen

2021

- Mathematics: A Physics: A Computing: A Physical Education: A Chemistry: B

Work Experience

Trip Secretary

Breakaway, St Andrews

May 2026 – Present

- Responsible for trip sign ups and allocations.
- Maintained correct and clear documentation of society member details for current and past trips to allow other committee members to fulfil their roles.
- Primary lead for hostel communications.

Kitchen Porter

Parr Café, Aberdeen

Summer 2025

- Responsible for early morning dishwashing and food preparation, ensuring the kitchen was fully operational ahead of service.
- Worked in a compact, high-pressure kitchen environment — the café ran at full capacity most days, requiring focus and efficiency throughout each shift.
- Developed the ability to work quickly and methodically in a confined space, maintaining standards under sustained demand.

Youth Sports Coach

Ian Wilson Soccer Coaching (IWSC), Aberdeen

Jun 2020 – Aug 2024

- Ran coaching sessions for groups of up to 20 children at different skill levels — planned each session in advance and adapted on the day depending on how things were going.
- Had to communicate clearly with both the children and their parents and manage a group with very different personalities and abilities.

Kitchen Porter

Kippie Lodge, Aberdeen

Jun 2021 – Aug 2024

- Worked every summer in a busy kitchen — kept things running smoothly during service, helped with prep, and maintained a clean and organised workspace.
- Good for staying focused and keeping pace when things get hectic.

Skills

Programming	Python, Java, $\text{\LaTeX}$, Unix / Bash
Quantitative	Statistics, data analysis, financial mathematics
Interests	Economics, hillwalking, golf, computer science

Certifications

Caledonia North Rugby Development Youth Coaching Award	2021
PVG (Protecting Vulnerable Groups) Member — #2107 0159 8561 2431	2023

Credit Card Fraud Detector

June 2026 – Present

- Developed a credit card fraud detection model using XGBoost, trained on a real-world transaction dataset sourced from Kaggle
- Handled class imbalance inherent in fraud datasets using techniques such as SMOTE
- Optimised model hyperparameters using GridSearchCV, improving classification accuracy
